TO: KARLA "MURDER"

Attn: []

REFERENCE: NCWA-28 and associated dispatches delivered by Aiken.

1. Reference dispatches provide a very satisfactory exposition of major matters affecting your activities and are examples of excellent field reporting. Questions raised in them will be answered by separate dispatches.

2. Although I appreciate the high degree of care which you have observed in this connection, it was unnecessary for you to have addressed these dispatches, including those marked "eyes only", to my direct attention.

3. I have appointed [] as headquarters coordinator ("backstop") for the Educator Project and activities related thereto, with full responsibility and authority to handle all matters except those specifically requiring my personal action. His authority includes:

a. Review of all requests, recommendations and financial or personnel transactions made by EDUCATOR;

b. Endorsement of all such requests, recommendations or transactions that are forwarded to me for final approval;

c. Authentication of communications to Project personnel in the field.

4. In view of that delegation of authority, I recommend that you direct to []'s attention all future EDUCATOR dispatches except those of such a private or otherwise sensitive nature as may, in your opinion, require my personal attention.
